## DINING ONBOARD OUR LIVEBOARD BOATS

Before the first dive of the day, help yourself to free tea/coffee and a light snack to help you wake up. After the first dive a western style breakfast is served. Lunch and dinner are Thai style - a selection of different Thai dishes (not so spicy!) with a strong emphasis on fish and seafood. Vegetarians are welcome and special food requirements can be catered for.

Throughout the day light snacks and fresh fruit are served and soft drinks are free - help yourself. Beer is available after the last dive of the day (or before for anyone not diving) at B60 per can. With our excellent cooks, we are certain that our onboard cuisine will be a memorable part of your dive trip.

And on the final evening onboard the Andaman we invite you to join us for cocktails and a western style BBQ on the open air sundeck - usually a very lively night for us all!
